### Quad Practice & Quadraker (Options 1 & 2)

Using Quad Bikes team members have to find 16 points around the 250 acre site using local maps. These are located adjacent to the 8 miles of private internal tracks, roadways and headlands. Each point will have a question relating to the gadgets used in the various films.

Half the team will be out with the instructor at any one time, whilst the others are back at HQ researching the answers. They will be in contact with each other by radio.

### Swamp Crossing (Options 1 & 2)

Swamp Crossing – unlike in “Dr No” where 007 and Honey Ryder hide underwater and breathe through reeds to escape the deadly Doctor’s henchmen, here the objective is to keep above the water, in order to collect and defuse a bomb.

Raft building skills come to the fore, but Q has very little input.

At least there are none of Dr Kananga’s crocodiles around looking for an early lunch – or are there?

### Licence to Kill (Paintball Guns) (Options 1 & 2)

Following M’s confiscation of 00.7’s Beretta, he was issued with the Walther PPK.

Whilst we do not use this piece of kit, the Paintball Marker Guns can be used to very satisfactorily obliterate the targets by covering them in paint.

The better the shooting, the more gold bars for the team.

## ***Minfield Crossing (Option 1)***

Q has let you down and provided you with decidedly low-tech tools to enable you and your team to cross the deadly minefield.

Working as a team, can you foil the evil enemy and make it across in one piece before you are spotted and eliminated?

## ***The Great Chase (Option 2)***

Driving two Honda Pilot rally karts, team members will have the opportunity for practice sessions before competing against the clock.

With up to 40hp in the back, a full race harness and helmets, these fully automatic machines are ideal for plenty of opposite lock sideways driving.

The finale is a white knuckle figure of eight challenge.

## ***Double Agent Unmasking (Options 1 & 2)***

In a World of bluff and double-bluff each team may find that one of their members has been recruited to work for the other side. An Oxbridge education is not a pre-requisite as anyone could have been “turned” whether it is by moral arguments, sexual blackmail or by good old fashioned financial greed.

If they do exist, their duty is to undermine their own side without getting caught! At the end of the day each team will have the opportunity to decide if they have a spy in their midst.

Get it right and they will have the pleasure of having the spy buy the drinks for the rest of the weekend; get it wrong and you will have made a serious enemy!

## ***Champagne prize to winning team (Options 1 & 2)***

Prices include instructors, safety equipment where required, refreshments, all activities mentioned above and Champagne prize
