2026 CORPORATE MOUNTAIN BIKE ORIENTEERING

Orienteering with a difference. A great team activity for all ages and levels of fitness.

Based initially on the 250 acre site teams will be issued with a series of locations that have to be visited to find the answers to the questions. Some may relate to the company, its objectives and products/services, others may be about the local area and features. Teams have a short planning time before setting off around some of the 8 miles of tracks on site taking in parkland settings, woodland roadways, field headlands and the 4 x 4 courses

From April through to the end of October we can use the 12 ½ mile tracks and lanes around Bewl Water. However even in the winter months we can use the 3000 acre Bedgebury Forest with its 4 ½ miles of hard road plus the much more challenging off road sections. Being situated in the Heart of the High Weald Area of Outstanding Natural Beauty there is a myriad of interesting back lanes, local history and stunning scenery.

Arena provides the Mountain Bikes and safety helmets – all you have to do is wear some outdoor kit appropriate for bikes and have a sense of adventure. (Clients are welcome to bring their own bikes and helmets if required).

Prices per head:	Prices are ex-VAT and based on a minimum of 8 people
Half Day	£95
